| Family HealthCare Network

# FHCN- Education

- Medical Students affiliation with ATSU-DO Program
- PA student program- ATSU
- Dental Residency- Affiliated with Lutheran, NY
- Partnership with Kaweah District hospital - General Surgery Residency -Residents rotate through FHCN clinic half day/week with Faculty supervising.
- Next Step- Add GME Residency program

---

# Residency Programs

- 2 Strategic ways-
- Starting our own FM residency program.
- Creating strategic partnerships with existing GME programs in the surrounding hospitals.
  - Providing Ambulatory/continuity Care clinics for Resident Education.
  - Financial support.
  - Long Term Expanding GME slots.

## FHCN-Own FM Residency Program

- Plan to start FM residency with FHCN as the sponsoring institution in Tulare County.
- Initial Accreditation Received from ACGME.
- Continuity Care Clinic based on ACGME requirements already built.
- Working with various Hospital partners for Affiliation agreements for Inpatient rotations and requirements.

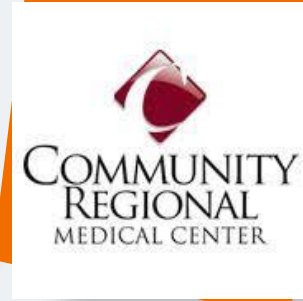

# Strategic Partnership

Unique  
Opportunity –  
Fresno County.

Collaboration \  
Partnership with  
UCSF residency  
programs.

Partnering  
with CRMC  
hospital.

Premier and  
Largest GME  
programs in  
Central  
California valley.

Established from  
1970.

---

# Transition

- Transition of clinics done over a weekend.
- All ACGME guidelines followed and being maintained.
- Policies were revised as per ACGME guidelines.
- Operational workflows were created.
- 2<sup>nd</sup> EMR- EPIC was implemented with FHCN updates.
- Staff were trained on updated workflows.
- Residents and Faculty were trained on any updated workflows & EMR updates.

# Transition

- FHCN instantly added almost 250 Residents and Fellows as part of the partnership.
- Almost 250 Faculty Physicians/Program Directors of different specialties were credentialed and on-boarded as part of the transition.
- Minimal disruption to any education/teaching of residents or fellows.
- On Track for 2019 Summer Graduation for all residents/fellows !!

# Thank you!
