Medicare: Insolvency Projections

CMS Pivot to VBC

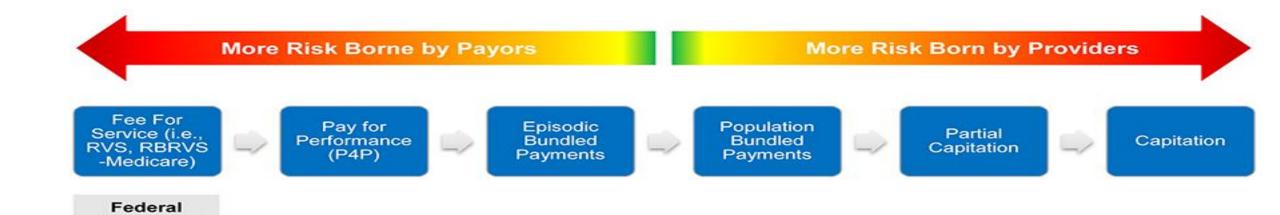

Medicare Risk Models Evolution

ACO Model

- > MSSP
- > REACH

Pathways BASIC & ENHANCED ACO Options

BASIC (5 year agreement)

BASIC (A-B)

- Upside only
- Savings: 40%
- Downside: 0%

BASIC (C-D)

- Two-sided risk
- Upside: 50%
- Downside: 2-4% of FFS revenue

BASIC (E)

- Two-sided risk
- Upside: 50%
- Downside: 8% of FFS revenue

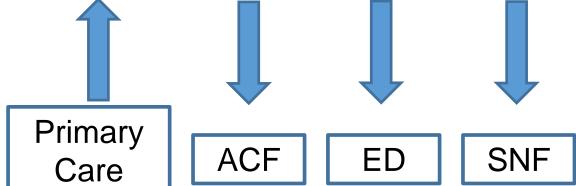

ENHANCED

- Two-sided risk
- Upside: 75%
- Downside: 15% of total cost

An ACO in the Basic track will automatically progress to the next level of risk annually

VBC/ACO Fundamentals

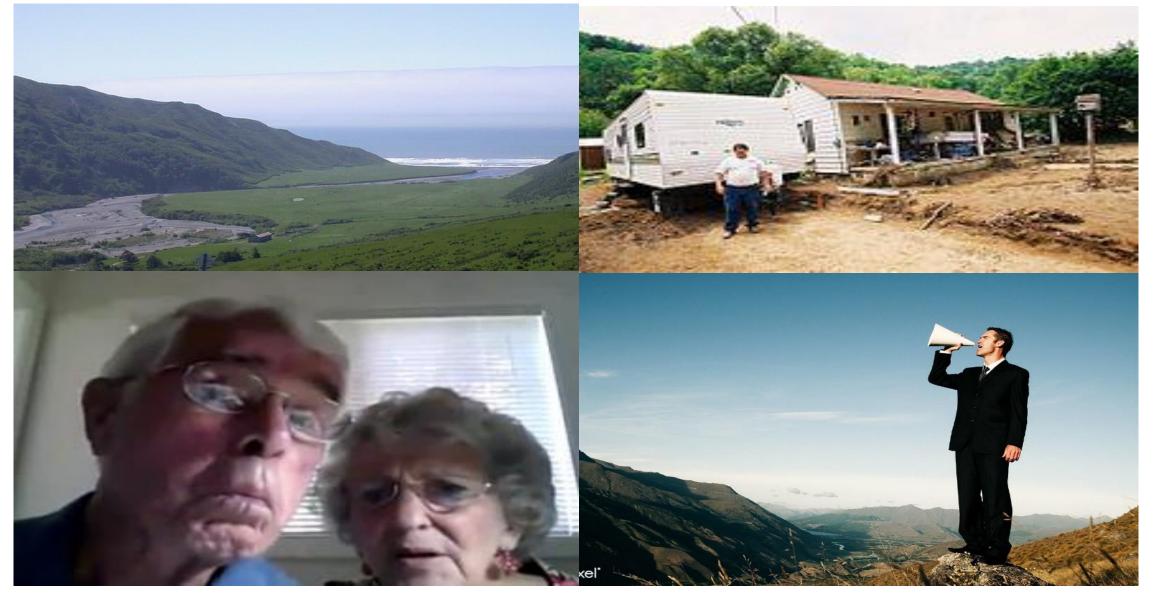

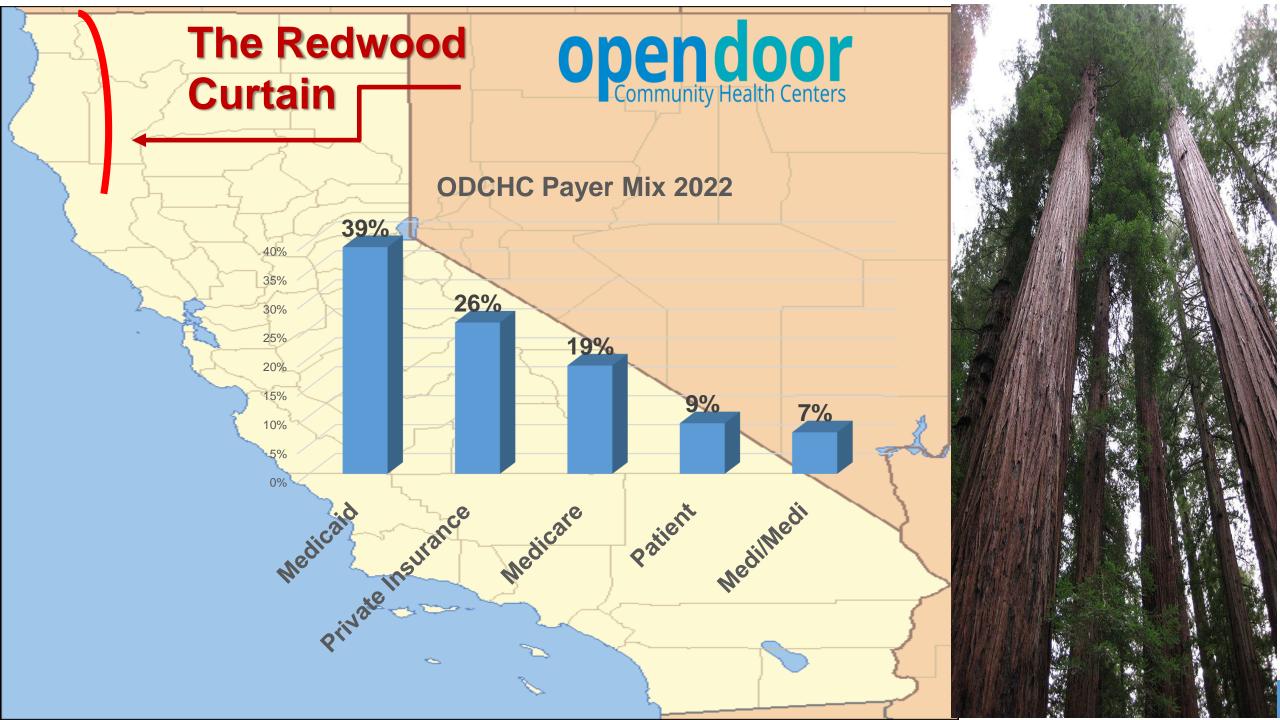

The Rural Perspective

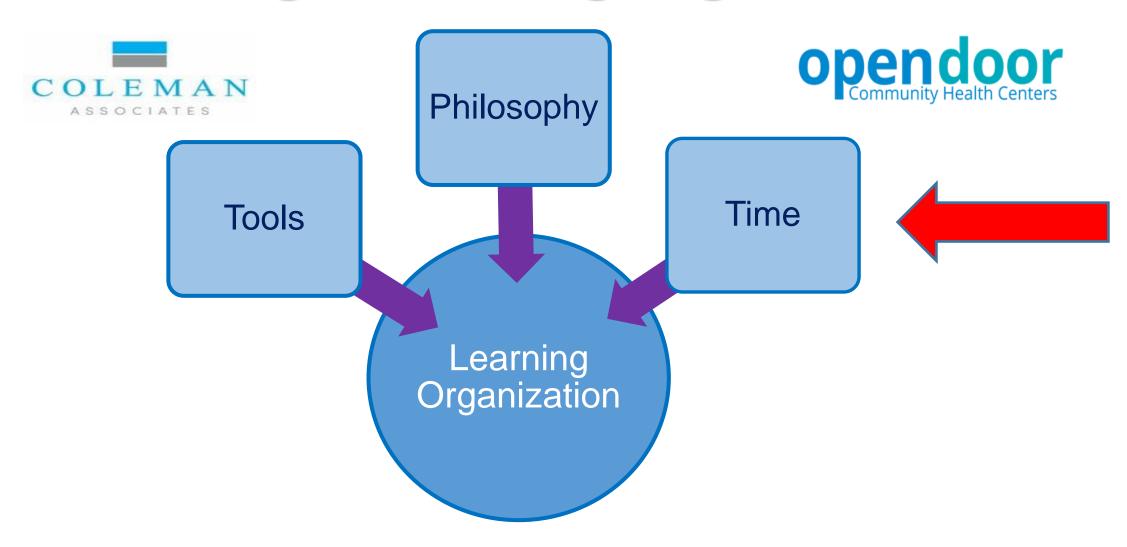

Cultural Transition and Development

Our Journey: Cultural Transition

"Being a Learning Organization"

"Learning Better Together"

Why are we doing this?

 Increasing Meaning and Joy in our Work.

Increasing Access to Care.

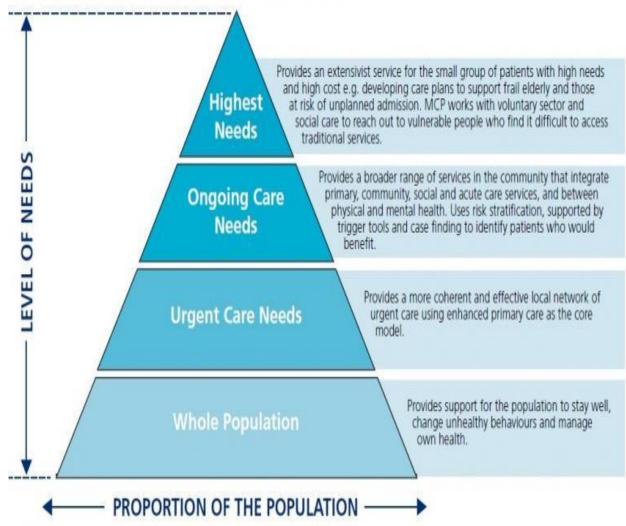

Improving Quality.

Population Health Focus

Population Health Pyramid

ACO Success Factors

- ✓ Size/scale
- ✓ Care management
- **✓** EHR Functionality
- ✓ Effective partnerships
- ✓ Patient/ family engagement

Annual wellness visits

Transition and chronic care management

Advanced directive completion and fidelity

Our ACO Journey

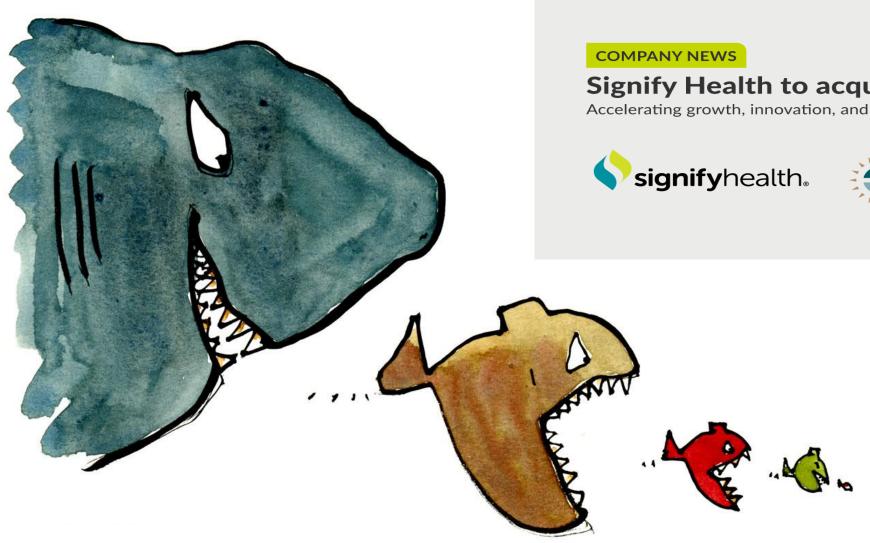

The Ever Evolving Healthcare Landscape

Signify Health to acquire Caravan Health

Accelerating growth, innovation, and the shift to value-based care

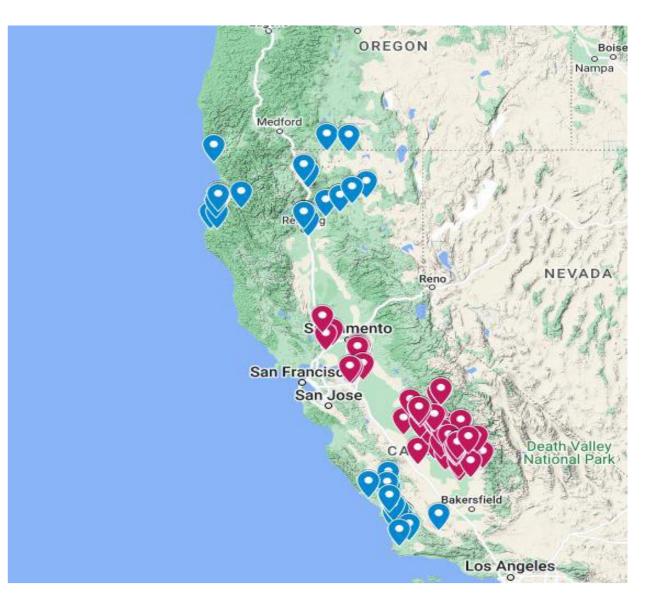

- 1. Altura Centers for Health
- 2. Camerena Health
- 3. Community Health Centers of the Central Coast
- 4. Community Medical Center
- 5. Family HealthCare Network
- 6. Hill Country Community Clinic
- 7. Mountain Valley Health Centers
- 8. Open Door Community Health Centers
- 9. Shasta Community Health Center

What we learned

- Contracting is easy
- Vendor integration
- Cultural fit
- Trust building is critical
- > Their employees are yours
- California is different
- Patient adjustment to new modality
- > Special needs population: pediatrics
- Provider experience drives adoption

What's Next?

CVS, OPTUM, WALMART, Hospitals

Thank You!

Happy Trails To You.
